

DIGITAL WIRELESS DEPTH TRACKER

Wireless communication

Long battery life

Lightweight

Data Sheet

WDT™ Performance

Depth accuracy	0.1% of survey depth
Wireline diameter	Up to 12 mm
Wireline speed	100 m/min
Communication range	75 m
Battery life	15 hours continuous operation

WDT™ Specifications

Environmental rating	IP66
Battery type	Re-chargeable Lithium
Temperature range	Storage: 0° C - 40° C
	Operating: -20° C - 85° C
	Battery charging: 0° C - 40° C
Transport case dimensions	470 x 357 x 176 mm
Total weight (incl. case)	9 kg

Communication & Control

Communication type	Bluetooth 4.0
Software platforms	Standalone software for Windows 7, 8 and 10.
	Smartphone app for Android 4.1.1 or newer
	Compatible with Inertial Sensing's Surveyor™ software.
